

# Association of Fellow Gynaecologists

*Invites you for*

A Panel Discussion entitled  
**“Care of the Elderly Women”**

Venue :  
**Hotel Sarovar Blossom, Goregaon (W), Mumbai**  
Date & Time:  
**Sunday 17.06.2012 9am - 1 pm**

## Friends

Welcome to one more eventful year.....

This year we plan to give you quite a few power-packed programs and an Annual Conference. We have started a Lecture Series named "RAN Symposia" for updating the knowledge of the resident Doctors and the practicing Gynaecologist on the 1<sup>st</sup> Sunday of every month at the Nanavati Hospital. Please find the 'calendar of events' for this year along with this invite.

This year we offer a one-time Registration fee. The yearly membership entitles you to all the events organized by the AFG throughout the year at the subsidized cost. This will maximize benefits, minimize costs and minimize administrative hassles.

Health issues of the elderly women are the most neglected simply because they choose not to complain, consider the family's health before their own and suffer in silence. Most health providers are not sensitive to their needs and are at a loss not only to identify problems but also to take corrective measures or give prophylactic advice. Long term consequences of these issues could be disastrous for her overall health and wellbeing. Problems affecting this age group should not only be talked about but discussed in public forums and rational treatment offered whenever required.

2<sup>nd</sup> program for this year is entitled “**Care of the Elderly Women**”. The Panel will discuss different aspects of the health issues affecting the Elderly Women in detail, of course with 102 moderators (2 of us and all of you). A talented panel of Gynaecologists will field the barrage of questions and provide some pearls of wisdom. Do savour the academic feast, take benefit of the yearly membership and make this program very interactive, like all the other programs.

## Dr Urmila Sureka - Dr Manohar Motwani CONVENERS
